

This listing of claims will replace all prior versions, and listings, of claims in the application:

**Listing of Claims:**

1.-11. (cancelled)

12. (new) An overflow assembly for a bathtub, comprising:  
an overflow pipe having a flange and a sleeve that extends  
outwardly from the flange for receiving an inner end of a  
hollow fitting having an outer end and threads on an outer  
surface;  
a nut having a threaded center opening threadably mounted on the  
fitting to exert pressure towards the flange; and  
the nut having an outer periphery with a series of radially  
extending lugs which frictionally detachably engage an  
inner surface of the flange on a cap which fits over the  
nut.

13. (new) An overflow assembly for a bathtub which has a bottom  
and adjacent side and end walls, and an overflow port in an end  
wall, comprising:  
an overflow pipe having an upper end portion that extends  
through the overflow port of the bathtub and terminates in  
an end having threads on the outer surface of the hollow  
fitting;  
a flange formed on the upper end of the overflow pipe positioned  
to engage the outer surface of the bathtub end wall around  
the bathtub overflow port;

a nut having a threaded center opening threadably mounted on the upper end portion of the overflow pipe to clamp the overflow pipe to the end of the bathtub between the flange and the nut; and  
at least one lug extending radially from the nut.

14. (new) The assembly of claim 13 further comprising a cap that is detachably mounted to the lug and covers the nut.
